## Description

### 1ST Round :

This stage will be an online round, where the interested team has to submit their presentation to the provided email address.

### 2ND Round :

The top 10 selected teams will present their paper in front of jury members in the auditorium and entertain questions on their paper.

# RULES :

1. The paper should be submitted in the form of a powerpoint presentation, and should not exceed 8 slides (excluding the front and the thank you page )
2. The first slide should contain the details of the team members (which should also be notified beforehand) including Name, Branch, Roll No., Email Id and the theme chosen.
3. A team can consist of 2 or 3 members maximum , which can be of the same or different branches. Individual participation is also allowed.
4. The presentation for the second round should not exceed 5 minutes.
5. The decision made by the panel will be final and will not be changed under any circumstances.
